# Beyond the Classroom: The SABIS® Edge

A SABIS® Edge includes comprehensive, challenging, accelerated courses that will give students the skills, depth, and advanced content for competitive admission to top universities and to careers today and in the future. Learning is never done. The online component is available for any course.

More and more colleges are adding advanced courses to their catalogs. At SABIS, we have recognized this demand for advanced courses and have created a world of opportunity for our students.
