THE SABIS® HIGH SCHOOL PROGRAM

1. What is the SABIS® High School Program?

The SABIS® High School Program is a rigorous, college-preparatory program for students in grades 9–12 that combines the strengths of both American and British systems. It is built on the SABIS® global curriculum, which is used in schools across 21 countries on 5 continents and aligned with international standards, rather than belonging to one single country.

Students are immersed in a rich and rigorous curriculum that leads to achieving both the U.S.-accredited SABIS® High School Diploma and a range of international examinations including AP®, SAT, PSAT, IGCSE, and AS/A Level examinations. These diverse qualifications open up university admissions all over the world.

2. How does it relate to the American and British systems?

Connection to the American system

At SABIS® Runda, the SABIS® High School Program:

- Follows a U.S.-style credit system leading to a High School diploma
- Prepares students for SAT examinations used for admission to American and many international universities
- Offers access to Advanced Placement® (AP®) courses and exams, giving students the opportunity to study college-level material and earn advanced standing or credit at many universities

Connection to the British system

At the same time, the SABIS® curriculum is aligned with the requirements of the British-based IGCSE and A Level system. Students are:

- Prepared for IGCSE examinations, typically taken around Grade 10/11
- Supported to progress to AS/A Level studies and examinations, where this pathway is offered and appropriate for their university goals

In simple terms:

SABIS® combines the strengths of both systems, while also following national education standards. Students will earn the U.S.-accredited SABIS® High School Diploma and be prepared for American exams (SAT, AP®) as well as British exams (IGCSE, AS/A Level), keeping multiple university pathways open.

3. Advantages of attending High School at a SABIS® school:

- a) More university options worldwide
- b) Easier mobility for international families
- c) Strong academic monitoring and support
- d) Balance of breadth and specialization
- e) Consistent philosophy from KG to Grade 12

4. In Summary:

The SABIS® High School Program at SABIS® Runda offers a globally recognized, exam-focused education that combines the strengths of both American and British systems, while also following national standards.

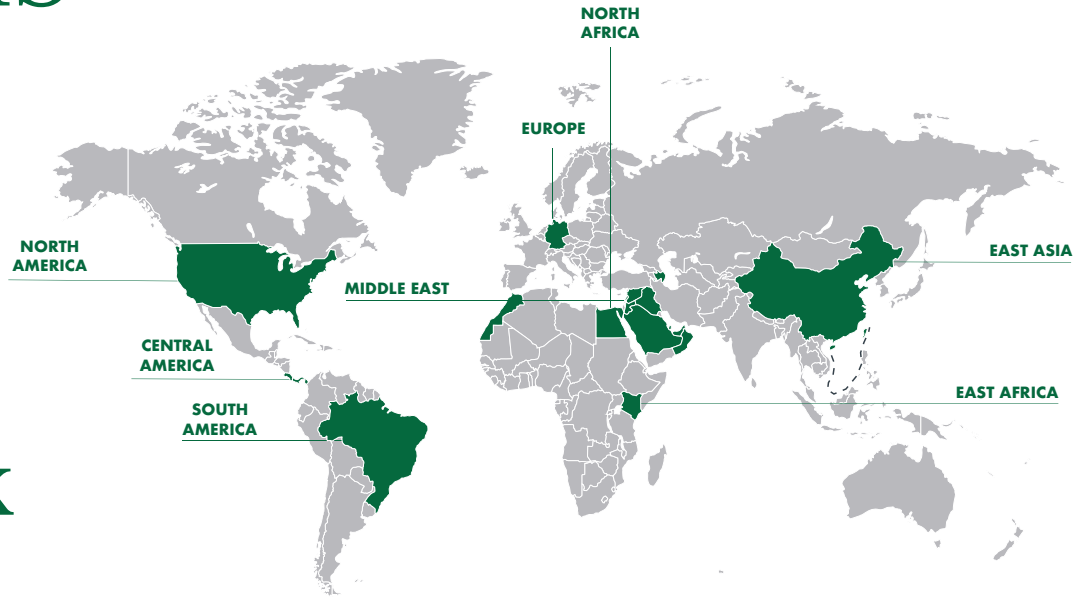

Students gain the U.S.-accredited SABIS® High School Diploma, are prepared for key international exams (SAT, AP®, IGCSE, AS/A Level), and enjoy broad university options worldwide, all within a structured, supportive, and consistently delivered international program.
